HEAVY BOMBERS SUPPORT PATTON'S DRIVE

THIRD ARMY SMASHES INTO YIELDING NAZI LINE AT FOUR PLACES ON FIFTY-MILE FRONT

Fortresses and Liberators Synchronize Attacks With Hundreds of Dive-Bombers Attacking Positions in Metz Area

MAY BE PRELUDE TO GIGANTIC OFFENSIVE

By WILLIAM FRYE

London, Nov. 9.—(P)—Lt. Gen. George S. Patton's Third Army jabbed into a yielding Nazi line at four places along a snow-covered 50-mile front today in an attack supported by 1,300 U. S. heavy bombers which laid a carpet of explosives on front line enemy positions in the Metz area.

The Third Army chieftain threw in three more American divisions in the move toward the Rhine, doubling the force employed in the jump-off attack yesterday, and extended his operations to the north of the fortress city as well as to the south.

Berlin's radio commentators declared Patton, striking from just below the Luxembourg border to the Rhine-Marne canal east of Nancy, was signalling the prelude to "the big offensive" aimed at bursting open "the historic gate to the East" which was chosen by Napoleon as the marching route for his battalions and regiments.

The Fortresses and Liberators, timing their blow at mid-morning, synchronized their attack with hundreds of divebombers which hit the same area, and swept to unusually low levels to pinpoint their targets.

It was one of the few times the heavy bombers have flown against tactical targets in this theatre. A notable previous strike was in the St. Lo breakthrough in Normandy in July.

Pilots said snow blanketed many of the battle areas. Front line dispatches said Patton sent two divisions this morning and that fresh progress had been made in the area of Berg, just below the Luxembourg border. A third division joined the three which attacked south of the city yesterday on a 25-mile front and gained up to three miles.

The Allied communiques said the Americans were advancing slowly against heavy enemy pressure in the area south of Vossenack and southwest of the town of Hürtgen against "very heavy resistance." West of Schmidt, which the First Army reached before being thrown back, enemy pockets are being hopped up, the announcement said. Reports from the Third Army front indicated the Germans had not yet caught their balance from the first shock of the assault and there were no counterattacks and (Turn to Page Eleven)

BLACKOUTS IN STATE ARE DISCONTINUED

Harrisburg, Nov. 9.—(P)—Dr. Ralph Cooper Hutchison, State Defense Council director, reports blackouts in Pennsylvania have been discontinued upon orders of the Third Service Command.

Private citizens and corporations were reminded, however, that should air raids occur, or air raid drills be ordered resumed by the army, they will be responsible for adherence to regulations.

BULLETINS

Moscow, Nov. 9.—(P)—Soviet Vice Commissar of Foreign Affairs A. Y. Vishinsky arrived in Bucharest today to check on steps taken by the Romanian government to fulfill the terms of the armistice.

London, Nov. 9.—(P)—Russia has lodged a protest with the French government over treatment of Soviet war prisoners in France, the Moscow Radio said last night.

New York, Nov. 9.—(P)—The Paris radio said today that Marshal Tito, Yugoslav partisan leader, is reported to have arrived in Moscow to confer with Premier Stalin. The broadcast was reported by the Federal Communications Commission.

London, Nov. 9.—(P)—William Hagelin, minister of the interior, Premier Vidkun Quisling's puppet government in Norway, has resigned because of poor health, the Oslo radio said today.

Moscow, Nov. 9.—(P)—Iranian militia and police were reported today by the Tass news agency to have broken up a planned celebration by the Labor Union Council and other organizations Tuesday on the 27th anniversary of the Soviet Union.

Managua, Nov. 9.—(P)—The Nicaraguan government declared a two-day holiday today to celebrate the reelection of President Roosevelt.

Soldier Vote Holds Key To Extent of Setback of G.O.P. Organization In the State

Harrisburg, Nov. 9.—(P)—Pennsylvania's 250,000 soldier votes, impounded for counting November 22, today held the key to the extent of the setback handed the Republican state organization in the Roosevelt sweep in Tuesday's election.

With only 16 of the state's 8208 precincts uncounted, a civilian majority of 67,790 was tallied for President Roosevelt to assure him the Keystone State's electoral votes, for the third straight time, but other topflight contests apparently will remain unsettled until the military ballots are tabulated.

Seeking a third term in the U. S. Senate, Republican James J. Davis was only 1,673 votes behind his Democratic challenger, Rep. Francis J. Myers, of Philadelphia, in 8292 precincts. Control of the state's congressional delegation and the state house of representative was undecided.

Close races also developed in the late counting for a state supreme court seat and the office of state treasurer with the Democratic nominees holding narrow civilian vote leads.

Former Governor Arthur H. James and Judge J. Frank Graff trailed Judge Chester H. Rhodes, low man among the two Democratic nominees for state superior court.

G. Harold Wagner, of Wilkes-Barre, Democrat, led G. Harold Watkins, the Republican nominee, by 36,000 votes in the Auditor general race.

The count, with most of the Democratic strength recorded in Philadelphia, Pittsburgh and the larger coal counties, was:

President (8208 precincts): Roosevelt 1,794,165
Dewey 1,735,963

U. S. Senator (8202 precincts): Myers 1,728,601
Davis 1,726,928

State Treasurer (8172 precincts): Black 1,711,623
Baird 1,709,184

Auditor General (8157 precincts): Wagner 1,674,506
Watkins 1,698,054

Supreme Court (8180 precincts): Jones 1,719,457
Hughes 1,717,437

Superior Court (8161 precincts): Ross 1,750,232
Rhodes 1,701,415

James 1,692,456
Graff 1,674,506

11 Democrats and 14 Republicans were definitely elected with the soldier vote expected to decide winners in the remaining districts.

The GOP also held a slight edge in the nip-and-tuck fight for control of the state house with 86 Republicans assured of election to 76 Democrats. Military ballots were expected to settle close contests in 46 remaining legislative districts, enough to swing house control to either party.

The senate remained Republican (Turn to Page Eleven)

Poison Gas Fails To Rout Chinese

Chungking, Nov. 9.—(P)—Chinese military authorities asserted today that the Japanese had used "large quantities" of poison gas in an attempt to overcome Chinese resistance at the Kwangsi province capital of Kweilin.

The attempt failed to dislodge the defenders, "who held their positions grimly," the authorities said.

Japanese columns continued their advance on the southern Kwangsi province from the east and south, but the Chinese repelled four assaults on their positions astride the Hunan-Kwangsi railway 36 miles to the northeast, the high command said.

The Japanese announced they launched today a general offensive against Kweilin, key city in China's Kwangsi province, using air and tank units as well as infantry.

LEYTE BATTLE HAMPERED BY BLINDING RAIN

Fight for Road Seethes Through Fourth Day With Neither Side Claiming Victory

LIMON IS FOCAL POINT

By C. YATES McDANIEL

General MacArthur's Headquarters, Philippines, Nov. 9.—(P)—The battle for the road to Ormoc seethed through its fourth day today, with the American 24th Division and parts of four Japanese divisions punching at each other from muddy mountain footholds and through blinding downpours.

Still undecided, the battle centered in ridges abutting a horse-shoe bend, with the tiny village of Limon as its focal point. Neither side claimed victory. General MacArthur's communique stated simply that "heavy fighting on the ridge lines is taking place on the winding road."

The Japanese commander, newly-appointed General Tomoyuki Yamashita, declared only that the Americans "will find out that conditions here in the Philippines are entirely different. Here in the Philippines, x x x we can give free play to our warfare." His broadcast, recorded by American agencies, significantly failed to mention actual progress of the western Leyte fighting.

The storm was the most important factor on the fourth day of the Ormoc road battle. Already facing terrain difficulties—the necessity of fighting their way uphill, the difficulty of using artillery from low firing positions against the hilltops—the Americans were further hampered by the arrival of a tropical hurricane which made muddy battues of fox holes, made the fighting itself a groping affair in which neither side could see the enemy soldiers they were battling almost hand to hand.

Front line dispatches mentioned the use of Japanese heavy artillery for the first time in several days. American artillery continued to batter the Japanese communications lines which feed forces now locked in the Ormoc road fight.

Aerial warfare was brought to a standstill by the hurricane; but before it struck, American fighters swarmed above the Japanese supply and bivouac areas on the Ormoc plateau and continued their offensives against other targets on islands adjacent to Leyte. Seven enemy planes were shot down.

Minor Parties Give Executive 800,000 Votes

Albany, N. Y., Nov. 9.—(P)—Complete New York returns which gave President Roosevelt an unofficial plurality of 261,019 over Gov. Thomas E. Dewey showed today that two minor parties cast more than 800,000 votes of a record 6,326,725 total to give the president his home state.

Roosevelt votes cast by the eight-year-old American Labor Party headed by Sidney Hillman, chairman of the CIO Political Action Committee, and the six-month-old ALP, gave the president more than twice enough support for his margin of victory.

While 806,270 Roosevelt votes cast by ALP and Liberal supporters were counted, additional minor party votes were included with regular Democratic ballots in some districts where the president's strength was combined in tabulations.

The previous record New York vote was 6,301,596, in 1940, when the late Wendell L. Willkie came within 224,400 votes of Mr. Roosevelt's total.

Casualties Pass Half-Million Mark

Washington, Nov. 9.—(P)—American battle casualties have passed the half-million mark.

Secretary of War Stimson said today that army casualties reported through Oct. 28 total 457,356. The latest navy list accounts for 71,839, giving a grand total for both services of 569,195, based on notices which have gone to next of kin.

The new army total is an increase of 20,235 over that reported a week ago, which covered the period through Oct. 21. Stimson said part of the jump is due to revision of the system for handling individual casualty reports, intended to bring the casualty figures more up to date.

The navy total increased 1,268 since its report a week ago.

Time For Another Triple Conference Churchill Says In Discussing U. S. Election

London, Nov. 9.—(P)—Prime Minister Churchill declared today "it is high time we had another triple conference" of himself, President Roosevelt and Marshal Stalin.

Such a meeting, he said at the lord mayor's luncheon, "might easily bridge the sufferings of mankind and stop the fearful process of destruction which is now ravaging the earth."

"The prospects of such a meeting," Churchill said, "have been vastly improved by the results of the presidential election in the United States."

Pausing while the audience applauded, Churchill added:

"And for which we waited so breathlessly on Tuesday last."

His auditors also applauded when he declared that Marshal Montgomery had opened the Scheldt estuary to the Great Belgian port of Antwerp. This he said put Antwerp "at the disposal of the northern flank of the Allied armies which will presently move into Germany for the final struggle."

The operation cost heavy British and Canadian casualties, however, he added.

"When I was here last year I appealed to the British and American public to be very careful that election day did not in any way ruffle the goodwill that exists between us."

Hydettown Is Scene Of Fatal Crash

Titusville, Nov. 9.—(P)—A Pennsylvania railroad freight train struck an automobile at a grade crossing in Hydettown, four miles northwest of here last night, killing two Venango county men and seriously injuring two others.

The victims were Frank A. Whitman, 46, Franklin R. D. and Eugene S. Hurd, 47, of Coopers-town, R. D.

Deputy Coroner C. N. Sonne said Warren E. McCool, 25, of Coopers-town, R. D., and Charles E. Wyant, 50, of Coopers-town, were in critical condition at Titusville hospital.

The group was returning from leg cutting in Crawford county and failed to see the train while approaching the grade crossing, Sonne said.

Roosevelt Swings Back To Routine

Hyde Park, N. Y., Nov. 9.—(P)—President Roosevelt swung back into the complex duties of his office today, his administration policies endorsed by the voters who chose him to head the government for another four years.

"We have again demonstrated to the world that democracy is a living, vital force," the president said in a statement issued 14 hours after his victory over Gov. Thomas E. Dewey became certain.

The president will return to Washington tomorrow. He came to Hyde Park home last week-end after closing the fourth term campaign in Boston. It was here Tuesday night that he sat in a litter of tabulation sheets, checking the voters' reply to his bid for an unprecedented 16 years in the White house.

Presidential Secretary Stephen T. Early said many of the messages sent the president said his election meant that "isolationism is dead" in this country.

DEMS SURE OF PLURALITY OF 49 IN HOUSE

Most Impressive Party Gain In Lower Chamber Since First Roosevelt Victory in 1932

SOMF ARE UNDECIDED

By the Associated Press
Washington, Nov. 9.—(P)—Law returns from Tuesday's election today delivered to the Democrats a plurality of at least 49 members in the house, building up the most impressive party gain in that body since the first Roosevelt victory in 1932.

Democrats maintained firm control of the senate. Five not undecided contests obscured the exact size of its majority.

The Democratic gain in the 435-member house apparently assured President Roosevelt an easier relationship with this body where often in recent months Republicans and anti-administration Democrats have joined to control important legislation.

The late returns showed this house lineup:

Democrats elected 241.
Republicans elected 179.
Minor parties elected 2.

Four of the undecided house seats are in Missouri and will not be decided until tomorrow when absentee ballots are counted.

This contrasted with the present hair line house division of 214 Democrats, 212 Republicans and four minor party members. There now are five vacancies, due to death and resignations.

The new congress, with the much stronger Democratic complexion in the house, convenes January 3. The old congress functions until that time.

Senate races being fought out right down the stretch in Missouri, Nevada, New Jersey, Ohio and Pennsylvania will determine whether senate Democrats can sustain their strength of 58 members.

Tuesday's elections already have assured them of 55 seats, compared to a sure 35 to be held by Republicans, and one by a Progressive.

Here is the picture as final returns are awaited:

Missouri: Gov. Forrest C. Donnell, Republican, led Democratic Attorney General Roy McKittick by 3,023 votes with 113 precincts unreported and service votes still to be counted. They are vying for the seat now held by Democrat Bennett C. Clark, knocked out in the primary. Vice President Elton Truman will have to resign his (Turn to Page Eleven)

Congress Facing A Hard Schedule

Washington, Nov. 9.—(P)—Floor managers laid down today a hard pre-Christmas schedule for the retiring Congress, to set the stage for 1945's debates on the shape of world organization for permanent peace.

The dying 75th Congress which provided the sinews for the giant American war machines convenes for its last sessions at noon Tuesday. It gives way to the 76th on January 3.

Before the 75th passes into history it must deal again with the president's war powers, social security and a host of other far-reaching measures.

The war powers legislation, under which the president derives authority for rationing and other emergency functions, expires December 31, unless action is taken.

A hike in the social security tax, from 1 to 2 per cent against employers and employees, is scheduled for January 1. The increase has been stayed by special acts of congress and Senator Vandenberg (R-Mich.) is ready to propose again to forestall the increase.

Seneca Named New President Of Indian Tribe

President Roosevelt might have been elected president of the United States last Tuesday but Cornelius Seneca, of the Cattaraugus Indian reservation was elected as president of the Seneca Nation of Indians at their biennial election held last Tuesday.

Seneca lost the Allegheny reservation but carried the Cattaraugus reservation by enough to give him a plurality of 35 votes.

The new president succeeds Theodore Frank, of the Cattaraugus reservation who was chosen president to fill the unexpired term of the late Wilford Crous.

The election was unmarked by any special observance. Mr. Seneca was a resident of the nation preceding Mr. Crous.

Rhodes D. 5738. James R. 8566. Graff R. 8553.

Assembly—Hyer, D. 4081. Gibson, R. 8426.

Congress—Brecht, D. 3855. Gav-in 8646.

Clerk Schuler also reported this morning that so far there have been 33.4 per cent of the soldiers ballots that were mailed out returned. In all there were 2417 ballots mailed out and 809 have been returned for counting in the election of this county.

SHEFFIELD NEWS

Sheffield, Nov. 8—The Harriett McCamey Bible Class of the Methodist church will meet Friday evening at the parsonage.

WSCS
The meeting was held Tuesday afternoon of the Woman's Society of Christian Services, held in the Methodist church parlor. Mrs. Wayne Chamberlain presided at the business meeting in the absence of the president, Mrs. Ida Christenson.

Devotions were led by Mrs. Maud Chamberlain. The next meeting will be December 5, which will be a Christmas party, serving a tureen dinner with the exchange of twenty-five cent gifts, and the Society has decided to have their annual Turkey dinner and Bazaar in December. Serving on the committee were Mrs. A. D. Bramer, Mrs. Fred Carlson, Mrs. Kunselmann, Mrs. John Burns and Mrs. Mickel.

ROYAL NEIGHBORS
The Royal Neighbors held their November meeting Tuesday evening and will have their Christmas meeting, December 5, with a 6:30 tureen dinner, and the exchange of gifts.

BIRTHS
Mr. and Mrs. James Hall, Mill street announce the birth of a daughter at the Community hospital Wednesday, November 8.

BRIDGE CLUB
Mrs. Harry Baldensperger entertained her evening bridge club at her home last Tuesday evening. After dinner served at the home of Mrs. Christenson's Cray avenue they journeyed to the home of the hostess. The following members were present: Mrs. Orabelle Shick, Mrs. Blenda Hinkley, Mr. and Mrs. Fred Straube, Mr. and Mrs. Earl McCaskey, Mr. and Mrs. P. J. Fin-

LOYALTY CLASS
Mrs. C. Yutze and Mrs. Lawrence Newberg were hostesses to the Loyalty Bible Class at the former's home. Devotionals were led by Mrs. Herbert Gustafson. Mrs. Tracy Blackwell conducted the business session. The class presented fifty dollars to the church fund. It was decided to have the class Christmas party December 14 at the Bethany Lutheran church parlor. Miss Alma Johnson, teacher of the class has resigned, and Mrs. Herbert Gustafson was elected as the teacher. Mrs. Hans Pearson was present and became a new member of the class.

Program was as follows: Reading—Mrs. M. Dalton; vocal duet—Mrs. Melvin Sauter and Mrs. Lawrence Newberg; reading—Mrs. R. C. Cederlof; accordion solo—Mrs. Herbert Gustafson. Refreshments were served by the hostess.

FOUNDED SYSTEM
The great Swedish naturalist, Linnaeus, was the founder of modern systematic classification. He attempted to name scientifically, describe, and catalogue every species of animal and plant.

Theatre Plans Show Hours to Aid Workers

Complying with repeated requests of many patrons who are war production workers operating on the 3 to 11 p. m. shift in local industries, Manager George C. Sarvis announced a change in schedule policy will soon become effective at the Warner Bros. Library Theatre here.

Beginning on Friday, November 17, with the picture "Since You Went Away", which will have a five-day run, the Library will open at 11:45 a. m. and the show will begin at 12 noon, each day except Sunday, when the regular 2 p. m. schedule will remain in effect.

Plans for the earlier show have been held up, Manager Sarvis states, because of difficulties in securing equipment that is now eased through priority requirements and increasing civilian production.

Quered concerning the Technicolor picture "Wilson", which had a one-day stand here on election day, Mr. Sarvis reports that the picture will be released at popular prices after the first of the year and will then return to the Library, affording all who wish opportunity of seeing it.

Times Topics

BOARD MEETING
The monthly meeting of the board of directors of the Children's Air Society will be held in the office of the agency at 10 a. m. Tuesday, October 14.

CARS TANGLED
Two automobiles tangled yesterday at the intersection of Biddle and Onondaga streets. Both suffered some damage estimated at about \$25. The cars were driven by Charles E. Rohlin, 103 Terrace street and Fred E. Anderson, 13 Glade avenue.

UCT GATHERING
All members of Warren Council, No. 563, United Commercial Travelers, are asked to attend the regular meeting to be held at 8 p. m. Saturday in the IOOF hall on Hickory street. One of the principal items of business will be the making of plans for the annual Christmas party.

POSTOFFICE HOURS
James K. Bell, postmaster, has announced that all postoffice windows will be open on Armistice Day, Saturday November 11th, from 7 a. m. to 1 p. m. City carrier will make no delivery but the rural carriers will not make any deliveries.

NO BUS CHANGES
There will be no immediate changes in the West Ridge Bus lines in and out of this city as the announcement made yesterday was incorrect. The proposed change as printed would have inconvenienced many and there will be no change.

CHRISTMAS DECORATIONS
Warren's merchants have decided there will be no concerted attempt to place Christmas decorations on the streets. Several merchants are planning on decorating their store fronts but due to conditions and requests that the use of electric power be minimized no extensive decorating will be done.

ARMISTICE DAY HOURS
A recent survey showed that local retail merchants were in favor of keeping regular store hours Armistice day, Saturday of this week, and it was assumed that all stores will maintain usual Saturday schedule. However, it has been suggested that merchants arrange to make it possible for any employees interested to attend the exercises at the Library theatre at eleven o'clock.

NO MORE TURKEYS
If you haven't secured your Thanksgiving turkey yet from the Barlow Turkey Farm near Sugar Grove where those big white fellows strut in the fields you are out of luck until Christmas. There have been birds in their prime at the farm for some time but all of the turkeys for Thanksgiving have been sold and now the work of getting the supply ready for Christmas is under way.

EPPLY LEAVING ERIE
Telford F. Epply has resigned the position of Membership secretary at the Erie YMCA and on Dec. 1 will become general secretary of the Brookville YMCA. A. L. Mould, secretary of the local association announced Tuesday. Epply has been in YMCA work for the last fourteen years. He went to the Erie YMCA in 1940 from the Y college in Chicago and served as assistant in the Boys' department until 1939 when he left to become Boys' secretary at the Warren Y. He returned to the Erie association in 1942 as Membership secretary and achieved considerable success in that position. Mr. and Mrs. Epply have two children. They plan to move to Brookville the latter part of this month.

Military - Civilian Row Stalls Aid to Homeless In France

By BARBARA WACE
Paris, Nov. 9—(AP)—The United Nations Relief and Rehabilitation Administration's program for civilian war relief in France apparently has been stalled by political and military red tape and friction, although thousands of French people still lack shelter and clothing. Sixteen uniformed UNRRA representatives attached to Allied supreme headquarters are marking time in a more or less advisory capacity, gathering statistical data on the French situation. Two are working with the sixth, 12th and 21st army groups in the field to prepare for transfer of civilian relief from the army to the UNRRA as planned.

But the extensive outlay of material and expert personnel which the unrra has been organizing in England for months still is unrealized in France.

The immediate obstacle is the lack of formal authorization by both supreme headquarters and the French government—a situation which several Allied officers confirmed without explanation.

It appears, however, that the reasons for the delay are (1) a delicate relationship between the French government and Allied military officials who already have surrendered their jurisdiction over half of France; (2) friction between American civil and military authorities, and (3) possible confusion attending many phases of the rapid development of the campaign in France.

It is no secret that the army does not like civilians mixing in its activities, and there has been some chilliness between the UNRRA and the army civil affairs section with which it is supposed to dovetail.

In London, when news stories were written about UNRRA work, UNRRA officials repeatedly expressed concern lest the stories irritate the army and accentuate their problems.

It is understood that while individual French officials are working cooperatively with UNRRA men at every opportunity, and the

of moving people from the westward and moving masses of Russian civilians westward to disposed to expend French resources on the flood of Poles, Czechs and Russians which the Nazis are leaving in the wake of their retreats eastward.

The French government originally took the position that it was the appropriate and fully competent authority to take care of French refugees and UNRRA officials held back their plans. It is reported, however, that the government neither is equipped nor disposed to expend French resources on the flood of Poles, Czechs and Russians which the Nazis are leaving in the wake of their retreats eastward.

Arnold Firemen Buy Tourist Camp of Johnsons at Starbrick

Mr. and Mrs. Allan E. Johnson, of Starbrick announced today the sale of their property at Starbrick to the firemen of Station No. 1 of the Arnold Borough Fire Department. The property was known as the Riverside Tourist camp and consists of a number of cabins and some acreage along the shores of the Allegheny river. It is one of the beautiful spots along the river and has been occupied most successfully for several years.

The fire department is planning on running the camp for the benefit of the members of the department who have been disabled in the war and who are in need of a quiet spot to recuperate. The wounded men will be given first consideration in the use of the camp. However other members will enjoy the use of the camp when it is not required for the soldiers. Plans have been made for the improvement and enlargement of the place.

Firemen from down river points now own a couple of other camps and one group has a camp along the Tionesta creek while the McDonald Firemen own and operate a camp on the Allegheny near Tionesta. The upper Allegheny is highly attractive to the residents of the Pittsburgh section.

Mr. and Mrs. Johnson will make their future home in some western state due to the health of Mr. Johnson, who has been in the west for some time and has shown much improvement there. Mrs. Johnson has operated the camp for some time in his absence and she regrets leaving this section but is delighted to turn the property over to an organization which will put it to such good use. She will remain at the property for some time as the firemen will be unable to take over the operation until spring.

U. S. Warned Japs Will Seek to Avenge Humiliation of Defeat

Beaten, emaciated, captured, this Jap still is defiant. His eyes mirror the typical fanaticism of a nation that refuses to admit defeat.

For six months, the Japs held Robert Bellaire prisoner in a Tokyo internment camp. They brought great pressure to bear on him, in the hope that he would serve as their radio voice, directing propaganda against the United States. Bellaire headed United Press bureaus in Shanghai and Tokyo, and is well known as a writer and lecturer. Here he presents his views on the possibilities of permanent peace with Japan.

By ROBERT BELLAIRE
Written for NEA Service

Will the destruction of Japan's war machine and the liquidation of the so-called militarist clique in Japan, guarantee us lasting peace in the Pacific?

No leader of any of the United Nations has dared to predict that it will, and the reason is quite simple. Our statesmen realize now that the war lords of Japan are not alone to blame for Japan's atrocious record for plunder, slaughter, rape and cruelty.

Our leaders know the responsibility must fall also upon the overwhelming majority of the Japanese people themselves, and that we shall still have tens of millions of these people living in the same world with us after the war.

In recent years Japan has deliberately slaughtered 12,000,000 human beings, and starved fully as many additional millions. She has conquered and plundered 10 countries in which she has enslaved almost 500,000,000 human beings. She has distributed narcotics among these enslaved peoples on a wholesale basis, and she is guilty of an estimated 3,000,000 cases of rape. Tens of thousands of other atrocities are part of the same record.

Anyone who considers the immensity of that infamous record must see at once that it could not have been accomplished by any small handful of so-called war lords. Obviously, those war lords required considerable assistance, and they found it, willing and waiting, in millions and millions of average Japanese.

If the average Japanese were the good-man he thinks he is, we might hope that defeat would teach him a lesson. But he is a very human individual, and his reaction to defeat will be equally human, and therefore predictable.

The Japanese will regard their defeat as an unbearable humiliation to be avenged by any means at the earliest possible opportunity. They will have no desire for our friendship, except as it may help prepare them for the day of vengeance. To believe otherwise is

to believe that Japan might drive 125,000,000 Americans back into our original 13 colonies, and make us like it, and accept it.

Secondly, the Japanese will never admit that they have done any wrong. The Japanese will always consider this a religious crusade aimed at establishing world peace. Yes, the Japanese says we will have no more wars as soon as all the world accepts the single political and religious dictatorship of his god-emperor.

Thirdly, the Japanese will never admit that they were defeated by our superior equipment, morale or ability. Neither will Japan's militarists be discredited as a class. A handful of necessary scapegoats will be blamed for failure to capitalize on great victories which would have assured Japan easy and quick victory.

The destruction of the American fleet at Pearl Harbor, the conquest of an empire potentially the most powerful on earth, and the willingness to wage war against the combined forces of the entire world—these will be but few of the glorious memories the average Japanese will have of the war lords. Also to their credit will be the fact that no single nation, not even America, undertook to defeat them single-handedly.

Finally, a terrible temptation will ring in the ears of every Japanese for decades to come. It is the unpleasant fact honestly acknowledged by General Marshall: "The Japanese attacks on the Pacific Fleet in Hawaii uncovered the entire west coast of North America."

Obviously, from the Japanese viewpoint, that is the invitation to try again, next time with new war lords possessing sufficient foresight and ability to capitalize on such spectacular victories.

A perfectly packed parachute will open within two and one-half seconds after the rip-cord has been pulled.

Corydon Man In Unit Cited By President

S/Sgt. James H. Borst, 21, son of Mrs. Cora B. Black, of Corydon, is now flying as a gunner with the 15th AAF in Italy, a special dispatch from headquarters reporting that he is with a Flying Fortress squadron operating in the Mediterranean theatre.

The unit to which he belongs has recently received the unit citation given by the president for "outstanding performance of duty in armed conflict with the enemy." The citation reads in part: "By the courage, heroism, and determination of the air crew, together with the professional skill and devotion to duty of the ground personnel, the officers and men of this unit have reflected great credit upon themselves and the Armed Forces of the United States of America."

Presentation was made by Major General Nathan F. Twining, commanding general of the 15th Air Force, who affixed the award to the colors of the unit after personally commending the organization.

WOUNDED SOLDIER ARRIVES AT STARK

Word is received today from Stark General Hospital in Charleston, S. C., that Cpl. Raymond Myers, with the infantry, has returned from 13 months overseas in the European Theatre of Operations, arriving on the U. S. Hospital Ship Chateau Thierry.

Son of Mr. and Mrs. James R. Myers, of Tidouate, he is being treated temporarily at Stark General prior to a transfer to another army hospital for definitive treatment. Family and friends here had learned earlier that he had been wounded in action in France and was evacuated to a hospital in England.

Cpl. Myers, listed in Ward 15 of the hospital, wears the pre-Pearl Harbor and ETO campaign ribbons, has been awarded the Purple Heart for wounds in action and has the Army's Good Conduct Medal.

It is learned today that on October 16, 2nd Lt. Harry J. Bloss, Jr., son of Mr. and Mrs. H. J. Bloss, of Waynesboro, Va., formerly of North Warren, completed three months of intensive transition combat crew training at Malden army air field Mass., station of the First Troop Carrier Command. During this period, Lt. Bloss received expert instruction in the piloting of C-47 transport planes which carry troops, supplies and gliders into combat zones, as well as evacuating the wounded from battle zones. After a short leave at the home of his parents, the young officer reported at Fort Wayne, Ind., for further assignment by the Army Air Corps.

Word has been received by relatives and friends that Charles R. Swanson, seaman second class, son of Mr. and Mrs. Martin C. Swanson of Niagara Falls, has completed his boot training at Sampson, N. Y., and is now located at Clatskanie, Ore., at a Sea-Bee base built in July by a group of 500 SeaBees who had just returned from the Aleutians.

Paul McCoy who left last week for service in the U. S. Navy, has arrived at the Sampson training station to begin his instructions.

Word has been received by the wife and family of William Sherman Hanson that he has arrived somewhere in Germany.

Pvt. Dalbert Kelly has returned to Camp Gruber, Okla., after spending a 15-day furlough at home with friends and relatives. (Turn to Page Six)

MILK GOES TO WAR

..... for Lend-Lease and the Military

Each can represents 1 million gallons EVERY DAY

1941 1,689,000
1942 3,300,000
1943 4,910,000

GALLONS EVERY DAY

Source: U. S. D. A.

The paramount importance placed upon dairy products by Government and the fighting forces has imposed gigantic problems upon the entire industry. 1,689,000 gallons of milk each day were required in 1941 to make the whole-milk dairy products for lend-lease and military needs. In 1943, that had increased to 4,910,000 gallons every day. It is still higher in 1944.

To supply this milk, the National Dairy Council points out that all the products from more than 210,000 farms with ten good cows each is required. This is in addition to vast quantities of separated milk necessary to produce the non-fat milk solids for lend-lease and military purposes. Never in the world's history has the dairy industry contributed so much to the nourishment of the fighting forces of its nation.

Insect Wonder - Killer Is Still Not Ready for Civilian Use

By JAMES MARLOW
Washington, Nov. 9.—(AP)—DDT—the so-called wonder insect-killer of this war—is not yet ready for civilian use. There's no indication when it will be.

There are two good reasons: Because military needs are so large, there is not enough for civilians now; the government still is experimenting to determine DDT's poisonous effects on man, insect and plant.

Industry is doing a lot of experimenting with it, too, for use as an insect killer in homes after the war. For instance, fly protection for pets.

The war production board (WPB) says its own arsenal producers industry advisory committee—the men who produce DDT—agree that it should not now be released for commercial use. They suggest further experiments on agricultural crops, dip sprays for livestock, and household insecticides.

This is what was said at WPB: How long after a fruit or vegetable has been sprayed by DDT can it safely be eaten by a human?

Government agencies are trying to find out.

How extensively can it be used in agriculture? DDT still is the best insect-killer found, killing a larger variety than any other material yet tested.

But there are quite a few varieties, apparently, which it won't kill. And that's the hitch.

Parents' Night Is Observed At High School

Warren High School planned its National Education Week observance in the form of a "Parents' Night" at the high school Wednesday evening, when approximately 100 parents and friends gathered to enjoy an auditorium program and many more came for classroom visits and consultation with the teachers.

The program in the auditorium was presided over by Jack Conney, newly elected president of the Student Council, and included a piano solo by Eleanor Peters, a vocal selection by Lillian Ristau and a violin number by Nick Geracimos.

After the program, parents were invited to visit the teachers in their home rooms, a group of high school students acting as guides. These visits, according to school figures, showed 426 visitations.

Tomorrow night at seven o'clock at Beauty school, Principal Herbert Harris and his staff will entertain parents and friends informally for the National Education Week observance.

Teachers will be in their rooms from seven until eight o'clock and will welcome visits from parents of their pupils. In conjunction with the program the Community Youth Council is sponsoring a recreational evening for Beauty students and parents and friends are urged to drop in on the party and see what is being done to provide clean, wholesome recreation for the young folks.

Pleasing Recital By Mrs. Gibaud at Philomel Meeting

Philomel Club members enjoyed one of their finest programs of several seasons when they met Wednesday afternoon at the Woman's Club to hear Mrs. Ralph Gibaud, of Rochester, N. Y., the former Elizabeth Hazeltine, of North Warren, play a beautiful recital of piano music.

Mrs. Gibaud is a pianist of skill, whose playing has a scintillating brilliance, combined with beauty of tone and artistic finish. She played her attractively arranged program with such poise and ease that her recital provided a noteworthy atmosphere that made the afternoon a great pleasure for all who had the opportunity of hearing her.

Her numbers were exceedingly well done and were received with much enthusiasm by the very large audience of members. She was ably assisted in the orchestral parts of the Saint-Saens Concerto by Miss Jean Robertson, at the second piano. Each of the players was presented with a corsage preceding the recital.

Concluding the afternoon, Mrs. M. T. Smith and her hostess committee served tea in the club dining room.

Preceding the program, Mrs. Mayme Ekey, president, announced a study paper for next Wednesday that will be of unusual interest. Mrs. Hilda Bengs, mother of Dr. Hilding A. Bengs, of the Warren State Hospital staff, will speak on "The Finland of Sibelius". A native of that country, she will speak with authority and will have some articles with which to illustrate. Mrs. A. H. Franks is chairman.

The following week, November 22, Merle H. Deardorff, prominent in the local and state historical societies, will be in charge of a program dealing with "Our Indian Music."

Teacher's Pet Is—Her Own Baby!

"Study these words while I fix the baby's bottle," Mrs. Daisy Wilkinson is telling her spelling class in a township school in Dane County, Wisconsin.

By NEA Service
 Madison, Wis., Nov. 9.—Four-months-old Howard Eugene Wilkinson is teacher's pet at the Steensrud school in Dane county and though the teacher babies him, shamelessly the 18 pupils don't mind—because the teacher is his mother. It happened this way.

All summer long the township school board scoured the countryside for a teacher without success. Mrs. Daisy Wilkinson, who had done some teaching before her marriage, lived with her husband and baby son on a farm just a half mile from the school. A week before school opened the school board, in desperation, prevailed upon Mrs. Wilkinson to sign a contract to teach as her share in the war effort.

So every school day Mrs. Wilkinson rises before daybreak, helps to milk the cows, gets breakfast, bathes the baby, fixes the baby's bottle and her own lunch, washes the breakfast dishes and dresses for school. She and her husband pack their car with school books and papers, jars with the baby's formulas, diapers, blankets, sweaters and a folding baby carriage.

Her husband drives them to school, then returns to his farm work. From 9:30 until mid-afternoon Mrs. Wilkinson guides her charges through the three 'Rs', taking a few minutes off here and there to feed or pacify the baby who lies contentedly, most of the time, in his carriage beside her desk.

All Invited To YW's 'At Home' Party on Friday

Again the local YWCA extends a cordial invitation to all women and girls of the community to attend its monthly "at home" party, scheduled this time in the form of a dessert-luncheon at 1:30 Friday in the activities building.

On the welcoming committee will be the president, Mrs. Carl Lundahl, Mrs. J. P. Pensternmacher and Mrs. Grover Lind.

For the afternoon's program, being arranged by Mrs. Emil Jacobson, a vocal selection will be sung by Mrs. Alice Yeager and Mrs. Harold Flowers will be presented as pianist.

Additional information concerning arrangements may be had by those interested by calling the YW office, 450.

YW Girl Reserve Department News

Barbara Lesser, YW Girl Reserve secretary of the local YWCA, issues today the following reminder to all YW Girl Reserves:

Installation of officers and a candlelight ceremonial are to be held at your meeting of November 14. Also, each member will receive her membership card. Be prepared to pay your dues at that time. We hope you'll be there.

Other events in the Girl Reserve department have included a service of installation and candlelight ceremonial held by the North Warren Girl Reserves, who also received their membership cards. A game of bowling offered entertainment for the remainder of the afternoon.

On November 6 the ring committee members had a tureen supper, followed by their bi-weekly session. The topic for discussion was very well presented by Marcia Johnson and Beth Smith and the worship was given by Frances Johnson as grace at the table. Next week's topic will be "Ready for Service."

The Sophomore Girls' Club sponsored a round-robin dance on November 4th. The fun was started with a grand march, and various novelty dances were presented during the evening. Refreshments were included on the program.

"Bill" Was Smart, But He Didn't Know It; How About You?

Assemblyman "Bill" Muir got a rare surprise recently when he broke some glass in his automobile. Taking it to the Autobody Repair Company, he discovered that he had insurance to cover the damage. Those birds up at the Autobody put the glass in and then helped Bill discover that he had "comprehensive coverage" in his insurance policy on his car. Agents about the city have been selling this added form of insurance, which only costs a single buck for a year, and it is also an interesting fact that the auto lost in the big flood at Port Allegany paid out to their owners just because the comprehensive coverage was in effect. This coverage pays for hurricane, flood, kids scratching the finish on your car and many other items. It might be a good idea for you guys who have automobiles to scurry around and see your insurance agent if you are not sure that you have this bit on your policy.

AUTOBODY REPAIR COMPANY

PENNSYLVANIA AVENUE AT PARK STREET

It's our business to put your car in shape for the rigors of winter and also to have it pass inspection. There are so many things entering into this that you should drive your car up to Penn and Park and have us look it over.

One of the big items is your glass. It must be of the safety variety and must fit. That's where we come in. We cut the glass, fit it and put it in place.

We also have locks, hinges, door handles, etc., and when we get done your car windows work 100%.

And in addition, any wrinkles in your fenders, any bashed-in bodies, bent and twisted hoods are made smooth and look like new. Our workmen are skilled and specialists in this work. Of course, you may have to take your place on the waiting list, but you will receive the best of service at a consistent price at all times.

Stray Leaves From Notebook Of Reporter About the Town

Warren sportsmen have learned with general regret that Jack Miner, owner of the world famous bird sanctuary at Kingsville, Ontario, died of a heart attack. Miner spoke in Warren several years ago and described the methods he used in making the birds welcome at his home for them. He told of the banding of the birds and of their extensive wanderings. Miner has exerted a great influence on bird life over the world and he was considered an authority on migratory birds and their habits. Incidentally a number of the duck hunters of this section are quietly doing a little planting of wild life in the swamps and lowlands of this area in an endeavor to attract more of the birds into this region.

Borough clerk Marjorie Daugherty some months ago started a little innovation for the convenience of the borough solons and at each meeting leaves on their desks a concise statement of the financial condition of the borough. The sheet sets forth the amount of the appropriation of the various committees and the balances they have left in their fund at the time of the meeting. It serves as a guide for the councilmen. The report shows the borough to be in good shape financially with some nice surpluses in various funds that will be used in post-war construction. One item on the report that was of interest showed that the borough so far this year has been paid \$1,378.47 for the rental of its equipment. This sum serves to keep in repair the equipment and aids in meeting bills in the street department. Three of the appropriations have been overdrawn: that of the sanitary sewer committee, \$16.80. Inasmuch as this committee had no appropriation to start the year with, the expenditure is not great; the street committee has also spent more than they had been appropriated, \$575.56; and the Park Committee which operated playgrounds, etc., has an overdraft of \$1,049.71. However, the city dads are not developing any grey hairs due to the situation as shifts can be made from other funds to cover any overdrafts and still leave the village in the black.

Gosh, many times it has been an object of thought as to how an expectant mother must feel when she knows she is going to the hospital but doesn't know just when. Somehow it has always seemed that she must be a little nervous to have her little bag all packed waiting the signal to do a hurry-up to the bed in waiting. Right now sensations of this old

typewriter pounder must be about the same. Here with bag packed ready to do a tour of duty in an adjustable bed where there is no room. That's where the expectant mama has it on yours truly. They've got to take her but they can leave this hunk of clay, a rag and bone waiting on the steps until somebody goes home. Ah, well, there is no rush about the darned thing anyway.

These statisticians who have about everything figured out have now announced that the average person in the United States chaws about 77 sticks of gum a year. And now they have come up with the assertion that the Doughboys on the battle fronts smack their jaws on 630 sticks. So if you are not getting your 77 don't be nasty but remember the soldiers, sailors and marines are chewing lustily. On the Post changes, according to the dope, an allowance of 8000 sticks per month per thousand men is sold and in addition they get gum in their field and emergency rations. Incidentally the soldiers slip to the civilians of the European countries a lot of gum and when the war ends there should be a good foreign market for the stuff.

Col. Carlos P. Romulo, Philippine soldier who lectured in Warren some months ago is now a brigadier with General MacArthur in the fighting in Leyte and those who heard him when he spoke here will remember when he said: "Some day Bataan will be a national shrine. But we shall never be able to identify the boys that sleep in the bloody dust. Our Filipinos had no identification tags." Romulo wrote a book: "I Saw the Fall of the Philippines" and this has had a good sale in Warren and as the fighting goes against the Japs there must be plenty of them for another book: "I Saw the Recapture of the Philippines." His admirers here will wait for that volume.

This evening at a meeting of the Field and Stream Club, Dr. Kilgus, of Brockway, a member of the State Game Commission, will be the speaker. He will be reinforced by "Bill" McKeechie, of Wilkensburg, manager of the Cincinnati Reds baseball team. "Bill" is a bird hunter of no mean reputation and can "get 'em if they fly." This afternoon Dr. Kilgus and McKeechie were taken out into the woodlands bird hunting. The thought just came up that inasmuch as Warren county sportsmen going to play a trick such as was played on Gov. Sprout some years ago? Agitation for the improvement of the Warren-Jamestown road. Sprout had consented to speak at the Warren county fair. So the local boys got the governor to drive to Jamestown where they met him and drove him to Warren on the washboard road. That afternoon when he spoke at the fair he promised that the Warren-Jamestown highway will be improved. Um-m, the boys might get more birds to stock the county.

Barker, Air Cadet Douglas J. Barker, S. L. Joseph San Felipe, Jamestown, N. Y., also many from Chancellers Valley, Sugar Grove and Youngsville.

MRS. ELSIE ROSENDALE

Mrs. Elsie Rosendale, aged 46, widow of John Rosendale, died about 10 o'clock this morning at her home on Highland avenue, Youngsville, after a short illness. She leaves three children: Eddie Voty, in the U. S. Navy; Carl and Lois Rosendale, at home; her father, John Peterson, of Rankin, Pa.; four brothers and two sisters: Ernest Peterson, Youngsville; Walter Peterson and Mrs. Lily Dahlstrom, Garland; Carl Peterson, Jamestown, N. Y.; Harold Peterson, with the army in the West Indies; Miss Florence Peterson, Warren.

Funeral services will be held at 2:30 p. m. Sunday from the Saron Lutheran church in Youngsville, followed by interment at Garland. Friends may call at the family home from Friday evening to the time of services.

NEED VOLUNTEERS FOR SPECIAL TASK

Red Cross Nurse's Aides have been assisting one or two days a week at Warren General Hospital for the care of Leonard Jackson, polio patient, and illness of one of these special workers has made necessary an appeal for volunteers in carrying on the special duty. Any person willing to volunteer for two days a week is asked to leave her name at the hospital office and Miss Betty Gentilman, state nurse, will instruct them in the hot pack system.

Mr. Lewis J. Davis was a visitor of Bradford friends recently. Mr. and Mrs. Guy Crooks and family were Olean business visitors on Saturday. Several local people enjoyed the Bradford-Jamestown football tilt in Bradford Friday night. Miss Betty Chase of Bradford called upon Mrs. Mildred Gorrey last Thursday evening. Mrs. Coy and daughter, Ethel, were Bradford visitors last Saturday. Russell Coy spent the weekend in Bradford with relatives. Lewis, Raymond, Louise, and Kay Crooks spent the weekend as guests of Mr. and Mrs. Lloyd Smith of Corydon. Billy Joe and Edward Sayers of Bradford spent the weekend with their grandparents, Mr. and Mrs. Chauncey H. Cobb. Miss Marjorie Holsinger of Bradford spent the weekend with her parents here. When Mrs. Guy Crooks discovered a large bear raiding his beehives near his home early this morning, he expressed the intention of making their return into this section, as different persons have reported having seen them upon different occasions. Mr. and Mrs. Gordon Jarrett and family have moved their trailer to the trailer camp west of Bradford for Thursday afternoon. There have been many hunters in this vicinity during the past week. Mr. and Mrs. Arthur Soagren and family visited Bradford relatives recently. Mrs. Chauncey Cobb was a business visitor on Saturday. Mrs. Andrew Toleric and son, Jimmie, were in Bradford Saturday. Mrs. Edith Kessler will be the November hostess to the Willow Creek Ladies Aid Society at her home next Thursday afternoon. It is expected that Miss Mayfield Burroughs, State Nurse, will give a health talk. Miss Burroughs conducted the home nursing class here two years ago. The Charles Holsinger family of Bradford recently called upon local friends.

LUDLOW

The Moriah Lutheran church held a farewell party honoring the Rev. and Mrs. Carl Nelson of Wilcox on Wednesday evening. Rev. Nelson has been the pastor of the church since 1938. The interim until the Rev. Hans Pearson of Springfield, Mass., arrived to take his pastoral duties in the Sheffield and Ludlow parishes. A program was given with Enoch O. Nelson acting as toastmaster. Scripture reading and prayer were given by the Rev. Hans Pearson, of Springfield, Mass. A song was sung by the choir followed by a talk by the Rev. P. E. Nordgren of Kane. A piano solo was given by Robert Johnson, after which the Rev. B. A. Leslie of Kane gave a talk in which he expressed the appreciation of Ludlow and also read what Luther considered the duties of a pastor. Miss Signe Nordgren of Kane gave a piano solo and a few remarks were made by Rev. Linden. The choir followed this with a Swedish song. The presentation of a gift was made by Gustav Olson, chairman of the board of council, and responses were made by Rev. and Mrs. Nelson. A committee for the evening with Mrs. C. J. Carlson as chairman served a lunch. The Rev. Hans Pearson of Springfield, Mass., arrived on Wednesday to take charge of the Sheffield and Ludlow Lutheran parish. He gave his first sermons on Sunday last in both churches. In Ludlow, a Swedish service was held at nine o'clock and an English service was held at eleven o'clock. Both services were very well attended. The Covenant Mission church held its regular service at the church on Sunday with the Rev. Wilbert Nyline opening the service and the Rev. Albert Johanson giving the sermon. Early in the week this church had a series of addresses given by the Rev. Johan-

DOES YOUR CHURCH, LODGE, OR SOCIETY WANT TO RAISE MONEY?

How many times have you had to say, "We'd like to do that but our organization just hasn't got the ready cash." Here's one of the easiest ways of raising money—and at the same time of patriotically serving your country—*save waste paper!*

Waste paper can add to your income. You won't have to increase dues or fees. Just sell enough waste paper to your own local dealers at standard market prices.

At the same time you'll be helping to win the war. Remember this year we need 2,000,000 extra tons of waste paper.

Paper makes ammunition cases, helmet linings, flares, supply parachutes, and blood plasma containers. Our boys in uniform need the waste paper which you can collect for them.

Have every member of your organization bring a bundle of waste paper to your next meeting... Save waste paper, sell it, and help to shorten the war.

County Being Organized For Bond Drive Starting Monday

With a quota of \$3,050,000 in War Bonds to be sold in Warren county during the Sixth War Loan, including \$750,000 in "E" Bonds, residents of the county will be given every opportunity to "go over the top" in the campaign which opens next Monday night.

News stores and advertisements, stating the vital need for more money to be used in bringing the Germans and Japanese to the point of unconditional surrender have appeared in local papers. The quota given Warren county folks is a large one—but one that is not impossible to reach.

Donald C. Smith, chairman of the executive committee for the 6th War Loan, expressed his confidence last night when he said that persons with whom he had talked realize that the war is far from being over and that much hard fighting lies ahead.

"And," said Mr. Smith, "we in Warren county are not going to sit back and let our boys down in this critical moment when victory is so nearly in their grasp."

The executive committee has organized every section of the county and gas gathered about them a competent and willing group of workers who realize that serious and hard work is ahead. The memory of the 5th War Loan is still present in the minds of many of these workers. The realization that

the quota of "E" Bonds was not reached in that drive is a source of continued annoyance to many who will be out striving hard to put this 6th War Loan over its goal.

Arrangements have been completed for the big rally to be held at the Columbia Theatre next Monday evening. This rally will be for workers only, admission being by ticket, which must be secured from block leaders or division chairmen.

The county committee, of which A. L. Rasmussen is chairman, has had several meetings and Mr. Rasmussen is pleased over the way all parts of the county will be covered. In the borough, a committee headed by Mrs. P. L. Davis is organized and ready to dig in and do their utmost to see that quotas assigned to them are reached. The business and professional group under the co-chairmanship of N. D. Paterson and Mrs. E. C. Hamilton, are cognizant of the task before them. The chairman feel confident their totals will be met.

From the executive committee on down through the ranks there is a general agreement that this 6th War Loan can and will succeed. Everyone is ready to do his or her part. But there is general agreement among all the workers in this 6th War Loan that it will take many purchases of those "extra" \$100 "E" Bonds to let the county reach the quota assigned it.

son, who was one of the first ministers the Covenant Mission of Ludlow had forty-nine years ago. He served as the pastor of Zion Mission church in Jamestown, N. Y., when it was built and is living in Lansie, Pa., now. A resper service will be held next Sunday at 6:00 p. m., with the Rev. Nyline of Kane in the pulpit.

The Young Women's Missionary group was entertained by Mrs. Leroy Johnson on Thursday evening at the church parlors. The meeting was led by the president, Miss Tillie Olson. During the business meeting, Missionary boxes were collected for the year. It was decided to hold the December meeting in the church also with Mrs. Algot Swanson acting as hostess at a tureen supper at which she will serve coffee, rolls, etc., and the members may bring what they wish. Twenty-five cent gifts are to be exchanged. The regular missionary program was used.

The Lutheran Brotherhood, with Messrs. C. W. Swanson, Ernest Swanson, G. A. Olson and Gustav Olson as hosts, will entertain the Sheffield and Kane Brotherhoods Thursday evening at Moriah Lutheran. All members are urged to attend.

The Ladies' Aid of Moriah Lutheran church was entertained on Friday afternoon at the church with Mrs. P. A. Anderson and Mrs. Emil Anderson as hostesses. The meeting was presided over by Mrs. C. W. Swanson and the regular business meeting was held. A short program was given which included the following members: Reading, Mrs. John G. Johnson; song by the group; reading by Mrs. Silas Johnson. The meeting closed with a hymn and prayer.

The Ludlow Ladies' Aid met at the Red Cross rooms on Wednesday afternoon with Mrs. Frank Wike as hostess. A regular meeting was held with Mrs. R. E. Wenstran, president, in charge. Plans were made for the December meeting. Twenty-five cent gifts will be exchanged.

changed at that meeting. Mrs. Rosie Nelson was a guest of the Aid. The hostess served delicious refreshments at the close of busy afternoon.

Community The Ludlow Study Group met on Tuesday afternoon at the home of Mrs. B. K. Connelly. The president, Mrs. Julius Swanson, led the meeting in which plans were made for an interesting meeting to be given soon at the home of Mrs. Walter Cox which will include the husbands also. Mr. L. Gerber of Duke Center and M. Gerber are to give an interesting lecture with costumes concerning the Philippine Islands. This will be the November meeting and the December meeting will meet at the home of Mrs. Lyell Carr. An interesting paper was written a (Turn to Page Eleven)

LATER CLOSING

Since the ninth whiskey rationing period ends on Friday of this week and Saturday is observed as a legal holiday, all state liquor stores in Warren county will close Saturday hours and remain open until nine o'clock tomorrow evening. Stores will remain closed all day Armistice Day.

SOME QUICK WORK

When the returns from the election showed that Roosevelt had again been chosen as president, there was a quick work of the part of the GOP boys in charge of local headquarters. They quickly folded their tents and what day broke there was no sign that the storehouse had ever been used for political purposes. On the other hand, the Democratic headquarters is still emblazoned with Roosevelt and Myers posters and newspaper clippings.

NEW "A" COUPONS GOOD

Motorists in the eastern section of the country will have an opportunity today to use their new "A" gas coupons. There are only three A-13 coupons in the books and remainder of the stamps are blocked out in order to permit A-14 coupons to become valid December 21 in all sections of the country. Hereafter, the use of the middle west, west and south were from one to three "A" coupons ahead of eastern motorists.

Dragons In Final Encounter at Corry On Friday Night

Warren High's "Mighty Dragon" jump back into activity again weekend as they battle it out with Corry on Friday night. The Dragons have gone through light scrimmages this week and today will have their final practice before action begins tomorrow night. Today's practice session will see a little tougher scrimmaging to get the school eleven ready for the last grid activity this year.

The Corry crew have gone through more strenuous drills this week in preparing for the Dragon invasion. Under a "Massillon" set-up, the Beavers have five coaches, all of whom are working to upset the Warren machine Friday night. The Beavers have defeated some of the outstanding clubs in this section.

The Corry coaches have announced to definite starting lineup for tomorrow night's battle, although they desire to have the best "clicking" eleven on the gridiron for the 8 o'clock tussle.

J. B. Leidig, Warren mentor, will probably start Bob Scallise and Joe Allen at the end posts, Larry Obrest and Paul Dickerson at the tackles, Jay White and Bob Gerardi at guards, and Captain MacArthur at the center position. Warren's line has proved an equal to any previous Dragon forward wall. The powerful blocking, both on offense and defense, have given them an outstanding record this season. Sparked by 250-pound Larry Zobrest, the Dragon line is a serious menace to any opponent.

After losing Chuck Adams and Jack Cooney at the right end posts, Coach Leidig sent Joe Allen into the end post to take over the job, and along with Pass-Receiver Bob Scallise have always completed their assignments. Paul Dickerson, Gerardi and White have performed magnificently throughout the entire season. Siriani, the spark of the powerful wall, has darkened the hopes of many opponents.

In the backfield George Lucia will again be at the quarterback post calling the plays as well as doing most of the aerial assignment. Bob Wilder and Powerhouse Red Lee are slated to start at the halfback posts. Lee's ground activity has earned for him the rating as one of the best backfield performers ever to be seen in high school grid activity. Remaining at the tailback spot is Dave Marti, the man who does the punting, and a good share of the running. Tomorrow night's game begins at 8 o'clock and a host of followers are planning to accompany the Dragons to see them in action for the last time this year.

gag! Have you been duck hunting lately? Or, grouse, or plover pheasant hunting, for that matter? It seems to me—hak-hak!—of these subjects would be pleasant to discuss than the old I have compiled in recent years as a football forecaster!

With Thanksgiving Day approaching, let me ask you if you ever experienced the thrill of wild turkey stalking! (Ed. note: He doesn't want to talk about football today, folks.)

For sheer beauty there is nothing that can equal a wild gobbler. Its burnished bronze plumage gleams in the yellow light of western sunset.

Some of my friends are the fanciers, the eagle being our national bird, and something of a terror. But for sheer magnificence in appearance, the wild turkey has the eagle beaten a mile. In, too, one must consider one's petite and tastes when debating the popularity of our various fowl.

Why don't we put the turkey, then, the eagle, on our national currency? No, no, no! Oh, yes, now that I'm ching the bottom of the page, I remind you to read my football forecast for the week.

Another perfect score, I presume!

MASSA ANNOUNCES CAGE TRYOUTS FOR MONDAY

Basketball coach Joe Massa announced this morning that final plans have been completed for the cage tryouts which begin Monday afternoon. Coach Massa asserted that he expects over 150 hopefuls to don their togs next week to bid for a berth on the Dragon crew. With the first game scheduled on December 1, Massa hopes to have the boys in excellent shape for the opening encounter with Bob Jewell's Eagles.

All junior and senior boys will try out at the high school on Monday at 3:15 with the sophomore and freshmen talent at Beauty Gym on the same afternoon. The participants will go through various drills and games to prove their ability as a basketballer. Of the 150 expected, about 25 will be taken onto the roster.

A Bit of This and That In the National World of Sports

By WHITNEY MARTIN
New York, Nov. 8—(P)—It's just an idea:

That, contrary to what might be expected, the defeat of Notre Dame by Navy failed to dull the interest in the Irish-Army game here Saturday. It just switched it to a new angle, with Notre Dame as the guinea pig. The Cadets must do as well as the Middies did, or else.

That everyone is glad to see Joe Louis picking up a couple of bucks on his exhibition tour. And incidentally, the big guy seems to have lost none of the dynamite in his fists. They can't even smother it with pillows. He got \$6,000 in Detroit.

That the Bainbridge football team may be the best in the nation, although it never will get that recognition because of its schedule. That they must teach change-of-pace running at Notre Dame, on Bob Kelly and Creighton Miller employ that system. Kelly just lopes along with a long, lazy stride until a tackler comes at him, then he shoots ahead like someone had tickled him.

That Bud Cornish of the Portland, Me., Press Herald in a current magazine (True) advances one of those logical, "why-didn't I think-of-that" suggestions pertaining to baseball when he urges that all major league parks be of the same dimensions as far as the fences are concerned so that home run records and the like really would mean something.

That, admitting we have seen very few good football teams so far this season, the best break-away back we have seen is Glen Davis of Army, the most powerful runner Bob Jenkins of Navy, the best passer Frank Danewicz of Notre Dame, and the best lineman Don Whitnair of Navy.

That if the scoring spree continues over the country there will be agitation for rule changes that might give the defense a chance to catch up with the offense.

That opponents shouldn't get the idea the Randolph Field Ramblers are going to let them down easy just because 10 members of the squad are classified as parachute landing instructors.

That Byron Nelson and Jug McSpaden are going to have to split the big money three ways on the

WINTER GOLF TOUR
This year, with Sam Snead apparently as good as over and returning to action. That the major league baseball clubs again will train in the north despite rumors that will be lifted by Commissioner Landis. That, with the Army and Navy football teams rating as high as they do, the staging of their game at Annapolis is equivalent to Joe Louis and Billy Conn fighting for the championship in a hotel room.

Hershey Bears Blast Pittsburgh Hornets, 11-0

By the Associated Press
Pittsburgh goalie Marcel Besette must have thought every other player in the American Hockey League was playing for the opposition last night, as the Hershey Bears blasted the league leading Hornets 11-0.

The score was the highest shut-out record so far this year. The St. Louis Flyers received their third straight beating, 5-4, from the Cleveland Barons.

Tonight the Barons will visit Indianapolis and Buffalo plays at Providence.

New York Rangers Open Home Season With Leafs

By the Associated Press
Unless the contest ends in a deadlock, one streak must end tonight when the cellar-dwelling New York Rangers inaugurate their home National League Hockey season at Madison Square Garden with the league-leading Toronto Maple Leafs as their opponents.

The Leafs are undefeated in four games, having already taken the measure of the Rangers at Toronto, who will be seeking their first victory in four attempts this season.

In the only other game, Montreal plays host to the Chicago Black Hawks at Montreal.

List of Residents Who Will Care for Hunters Is Growing

Returns are already coming in from residents of the county who will care for hunters during the coming big game season. It is hoped to secure as complete a list as possible before Nov. 11 when the rolls will have to close to get them in the hands of the printers. Jay Pees, chairman of the com-

mittee having the work in charge states that there are hundreds in the county who have rooms at their home which could be rented during the hunting season and board provided for the visitors.

Everyone who can possibly do so is urged to fill out this coupon and return it to Box 211 as soon as possible.

Mickey Livingston Returns To Cubs as No. 1 Receiver

Chicago, Nov. 9—(P)—Catcher Thompson (Mickey) Livingston, who came to the Chicago Cubs late in 1943 and pushed Clyde McCullough out of his regular job but was in military service last season, says he'll be back in 1945 to take over as the club's No. 1 receiver.

The unexpected return of the 30 year old catcher, who came to the Cubs from the Philadelphia Phillies in a trade for Pitcher Bill Lee in 1943, increases the Cubs' backstops to five.

Chapter 26
TERRY shouted, "Come and see the iceberg! It's simply huge, and Rory says it's the very latest one of all!"

Cherry left the bunk she was making up and ran out on deck with him. It was an exhilarating morning in early March, with the sun shining palely golden from a crisp blue sky trimmed with white fleecy clouds. The Coromandel hummed along under the chivvying of a stiff wind, and the sea reflected the deep, clear blue of the sky. The decks were thronged with people in gay woollens.

Now and then all heads craned upward as a big flying boat zoomed across the sky, serenading the ship with signals and passing on her way. They were not far from the big American airport. It was a day when it was good to be alive. A day when one could imagine daffodils thrusting green swords through the softening earth, and the song of birds. The ship was closed no longer. The sweet tangling air swept her from stern to stern, banishing the extreme cold and fog and horror.

The voyage was not over. Danger still lurked in that bright blue sea; it could descend on them out of those fleecy, gamboling clouds. But this was weather when one could bear this weather. The fleet of ships spread about them—were under Allied air protection; in a few days they would be home. If anything happened now, there was every chance of launching boats, of being rescued. It was a completely different picture from that horror fading from their minds like a nightmare. And while the crew relaxed none of its vigilance.

Mickey Livingston Returns To Cubs as No. 1 Receiver

Chicago, Nov. 9—(P)—Catcher Thompson (Mickey) Livingston, who came to the Chicago Cubs late in 1943 and pushed Clyde McCullough out of his regular job but was in military service last season, says he'll be back in 1945 to take over as the club's No. 1 receiver.

The unexpected return of the 30 year old catcher, who came to the Cubs from the Philadelphia Phillies in a trade for Pitcher Bill Lee in 1943, increases the Cubs' backstops to five.

Field and Stream Club Meets Tonight At YMCA

The Warren Field and Stream Club will hold its regular monthly meeting tonight at the YMCA at 7:30.

Guest speaker at tonight's meeting will be Dr. H. E. Kilgus, member of the Pennsylvania Game Commission. Dr. Kilgus will speak on predatory control.

Another guest will be Bill McKechnie, manager of the National League Cincinnati Reds. McKechnie has been in town to hunt small game.

Laboratory tests shows that we might live for 1900 years if we could keep our blood temperature at 45 degrees Fahrenheit.

Service Men to See World Series Films

Chicago, Nov. 9—(P)—Movies of the 1944 World Series, 2,400 feet of film highlights of the All-St. Louis classic, will be read for servicemen this week to service men the world over.

Introducing the 1944 Series movie is Connie Mack, veteran manager of the Philadelphia Athletics. Fonseca said some five million service men had viewed the 1943 series film.

FARM NEWS

Cows Need Minerals - High-producing cows need minerals in their feed. Dairy extension specialists of the Pennsylvania State College say that grains, corn fodder, and corn silage are low in minerals but that legume hays, such as alfalfa, clover, and soybean, are high in those minerals needed by dairy cows.

Thin Woodlots Now - Since market demand is good for different kinds of timber culls, farmers are urged to use spare time to thin their woodlots. Extension foresters of the Pennsylvania State College remind that in addition to fuelwood, the rough timber can be utilized for mineprops, pulpwood, and other purposes.

Harrow Orchards - Orchards with heavy sod or rank weed growth need a good harrowing before winter, explain fruit extension specialists of the Pennsylvania State College. The harrowing is not only good soil management but will help to destroy mice and their nesting places.

Control Parasites - Sheepmen are reminded by livestock extension specialists of the Pennsylvania State College that control of internal parasites can be achieved by treating the ewes with phenothiazine before they go into winter quarters.

Protect Bee Colonies - Packing of bee hives for protection against the rigors of winter should be completed before continued cold weather begins, extension apiculturists of the Pennsylvania State College point out.

Clean Up Gardens - A fall clean-up of the flower garden is recommended by extension plant pathologists of the Pennsylvania State College to dispose of diseased plants and reduce disease in 1945.

BRER RABBIT GREEN LABEL MOLASSES

NEW ORLEANS MOLASSES CRISPET

1/2 cup Brer Rabbit New Orleans Molasses*
1/4 cup sugar
1/4 teaspoon salt
1/2 tablespoon butter or margarine
6 cups cornflakes

Boil molasses, sugar, and salt to 250° F. or until mixture forms a firm ball in cold water. Add butter; pour over cornflakes. Toss lightly with fork. Arrange in buttered ring mould; do not pack firmly. Cool. Unmould on serving dish. Fill center with vanilla ice cream, over which pour Molasses Fruit Sauce, made by mixing 2 tablespoons Brer Rabbit Gold Label Molasses, 1/4 cup orange juice and one cup currant jelly. 6 to 8 servings.

*For a rich, molasses flavor, use Green Label Brer Rabbit. It's a full flavored, dark molasses recommended for cooking.

*For milder flavor, use Gold Label Brer Rabbit, the highest quality, fancy light molasses—mild and sweet.

Ley Explains Knotty Point For Motorists

E. H. Ley, chairman of the local war price and rationing board, today clarifies the conditions under which operators of commercial vehicles may apply for additional gallonage, under the authorization of the Office of Defense Transportation, which became effective October 16, 1944.

Mr. Ley explains that local boards may now allocate temporary allotments of gasoline to commercial motor vehicles because of seasonal conditions or emergencies but only to cover the needs of a non-recurring nature in the current quarter.

If an applicant returns the following quarter for an additional allotment for similar reasons the board will carefully analyze the request, since it is likely to indicate a recurring need. If the board finds that the request constitutes such a recurring need, the applicant will be given Form CWN-1 and be advised to file it with his ODT district office.

In some cases Mr. Ley explains, the first request made by the applicant to the board for additional transport rations may also indicate a recurring need and, in that case, such applicants will also be referred to their district ODT office.

Features Are Planned For Book Week

Two community story hours and a radio play are three of the special features planned for the National Book Week celebration in Warren next week. The response to the public library's story hours was so great last year, that with the opening of this year's program next week, some changes have been planned.

Instead of one large story hour, which last year reached a peak of over 500 in attendance, the library has planned two story hours as an experiment during Book Week. The first one on Thursday will be for boys and girls in the fourth, fifth and sixth grades. The second one on Friday will be for children in the first, second and third grades. Mrs. Betty Archibald has again been engaged as the children's story teller.

Because of the special Book Week displays it will be necessary to limit the number each time. So free tickets will be given to the boys and girls who come first to the library any time before next Thursday. A different colored ticket will be issued for each story hour. The tickets will be released this afternoon at 3 o'clock at the circulation desk of the juvenile department.

SIDELIGHTS OF POLITE ELECTION

By TOM REEDY

Washington, Nov. 9.—(P)—This was certainly a polite election. . . . Not a knock-down, drag-out row at the polls of the head-splitting variety that made balloting an adventure in times past. . . .

It gave proof to an old maxim, too, that a man isn't a hero to his home town. . . . Vice President Harry Truman failed to carry Lamar, Mo., his birthplace. . . . President Roosevelt ran behind Thomas E. Dewey in his native Hyde Park, N. Y. . . . There was an exception, Dewey carrying his birthplace of Owosso, Mich. . . .

On the lighter side—Merchant Marine Ensign John W. Benson offered to kiss every girl voting for him in the third Maryland congressional district and enlisted a pretty girl helper to kiss the men.

Incumbent Rep. Thomas E. D'Alesandro offered spaghetti dinners. . . . The food won. . . . From aboard—Londoners were treated to the sight of Americans voting for their president in famous Grosvenor Square. . . . The last two soldier ballots that were cast in the polling booths were split evenly between Roosevelt and Dewey. . . . The Army Signal Corps line from the Philippines set up to handle MacArthur's communique delivered to a tense listener at San Francisco the message: "Have you anything on the election yet?" And then the voice added, "Just break in when you have anything."

John Barleycorn reared his head in Nebraska. . . . The state voted down a proposal to institute prohibition. . . . Quip of the campaign—FDR to well-wishers Tuesday night. . . . "I think you're a little previous. . . . We just have partial returns—but they seem to be partial to Hyde Park. . . ."

Baboons seem to be the only animals with an understanding of weapons. They throw stones at their enemies, with telling effect.

been invited to be the guest speaker at the Youngsville Woman Christian Temperance Union meeting to be held at 3 p. m. Friday, Nov. 17 at the home of Mrs. C. C. Johnson on West Main street. Friends as well as members are invited.
